I. Current situation of the amendments to the Statutes and the Financing Rules

1. In 2023, through resolution 756 (XXV), the General Assembly called upon Member States to do everything in their power to approve all the amendments to the Statutes and the Financing Rules with particular regard to the amendment to Article 33.
2. To date, three amendments to the Statutes have entered into force:
 - (a) Amendment to **Article 14 of the Statutes**, the text of which reads as follows:

"1bis. The host State of the Headquarters of the Organization shall have a permanent additional seat on the Executive Council, which shall be unaffected by the procedure laid down in paragraph 1 above concerning the geographical distribution of Council seats."

This amendment was adopted by the General Assembly in October 1983², and entered into force on 16 July 2020.
 - (b) Two amendments to **Article 38 of the Statutes**, the text of which now reads as follows:

"The official languages of the Organization shall be Arabic, Chinese, English, French, Russian and Spanish."

The first amendment to this article was adopted by the General Assembly in September 1979³, and entered into force on 9 May 2008.

The second amendment to this article was adopted by the General Assembly in November 2007⁴, and entered into force on 25 January 2021.
3. In the period 2024-2025, no further amendments have entered into force.
4. Article 33(3) of the Statutes requires, for an amendment to the Statutes and the Financing Rules adopted by the Assembly to enter into force, that two-thirds of the Member States notify the Depositary Government of their approval of such amendment. Since the Organization currently has 160 Full Members, amendments must be approved by 106 Members.
5. The list of amendments pending approval with the number of approvals is enclosed in the Annex V-A to this document, together with a more detailed list that provides an overview for Members on what amendments have not been approved by them to date.

II. The Convention on the Privileges and Immunities of the Specialized Agencies of the United Nations and its Annex XVIII relating to UN Tourism

6. Through resolution 756 (XXV), General Assembly requested Member States to accede to the Convention on the Privileges and Immunities of the Specialized Agencies approved by the General Assembly of the United Nations on 21 November 1947 (hereinafter, "the Convention") and to explicitly notify to the UN Secretary-General of their intention to apply Annex XVIII to UN Tourism.
7. The Convention was adopted by the UN Tourism General Assembly in 2005 through resolution 489(XVI) and its Annex XVIII relating to UN Tourism was adopted by the

² Fifth Session of the General Assembly, New Delhi, October 1983 [resolution 134(V)]

³ Third Session of the General Assembly, Torremolinos, September 1979 [resolution 61(III)]

⁴ Seventeenth Session of the General Assembly, Cartagena de Indias, November 2007 [resolution 521(XVII)]

Executive Council in 2008 through decision 9(LXXXIII), pursuant to the mandate received by the General Assembly resolution 545(XVIII). Both texts set out the minimum privileges and immunities to apply to UN Tourism in the domestic legal systems to ensure the effective exercise of UN Tourism's functions in the territories of its Member States, in accordance with Article 32 of the Statutes.

8. As of the date of this document, only 24 States⁵ have undertaken to apply the provisions of the Convention to UN Tourism. After the latest report on the matter ([A/24/4\(b\) rev.1](#)), only Oman and Bahrein have notified the UN Secretary-General of its intention to do so. Additionally, there are 49 Member States of the Organization that have not expressed their consent to be bound by the Convention.
9. As explained in document [A/21/8\(II\)\(f\)](#) submitted to the 21st session of the Assembly in 2015, privileges and immunities secure the independence of UN Tourism's functioning and facilitate its ability to fulfil its mandate efficiently and effectively in its Member States. In general, the lack of recognition of privileges and immunities can create delays and other obstacles in delivering services in a timely and efficient manner and can impede the freedom of movement and the security necessary to the Organization's activities as well as for the representatives of its Members when attending the meetings convened by the Organization outside Headquarters.
10. When a Member State is not a party to the Convention and/or does not apply its provisions to UN Tourism, the legal protections covered by this treaty need to be addressed during negotiations before UN Tourism commences any activity in the country. This can result in delays and extensive efforts from the Secretariat in the separate negotiation of an agreement for each new project or activity that contains the protections granted under the Convention and its Annex XVIII. However, when there is a general and permanent framework, the need to address specific issues each time is avoided and arrangements for the implementation of projects can be made more efficiently.
11. The Secretariat remains available to provide any assistance or guidance as required by the Member States in relation to the Convention and its Annex XVIII.
